

## **WELCOME TO PHARMACIST MANUAL**

### **Logging in**

You must be registered in order to log in to the system. If you are a registered user of the system you must provide a username referred to as the pfno and a password. The username and password must be correct for you to login.

A screenshot of a login form. At the top left, the word "Login" is written in green. Below it, the label "Username" is in green, followed by a white text input field. Below that, the label "Password" is in green, followed by another white text input field. At the bottom center, there is a green button with the word "login" in white text.

### **Selling**

After logging in successfully there are two types of selling process. One is quantity sale where the customer indicated the quantity of drugs they want to purchase. Another sell is cash sale where the customer gives the amount for the drugs they want to buy.

#### **1. Quantity sale**

Select the drug from the drug field and then enter the quantity in the quantity field then click on enter button. This will place the drug in the table below.

**NOTE:** You can only sell a drug that is available in the stock. Also you can only sell a drug with lower quantity or equal to what is in the stock.

#### **2. Cash sale**

Select the drug from the drug field and then enter the amount in the “amount” field then click on enter button. This will place the drug in the table below.

**NOTE:** You can only sell a drug that is available in the stock. Also you can only sale a drug with lower quantity or equal to what is in the stock.

### **Removing drug from the cart**

You can remove a drug from the cart by clicking on the drug row and clicking the button “remove” near “enter button”

### **Completing Sales Transaction**

You complete sales transaction by simply entering the amount in the amount field and if discount is allowed enter it inside the discount field and click pay. After clicking pay you can now click on the sell button to sell the drug to the customer.

**NOTE:** The importance of entering the amount and paying is that it enable you to monitor the income for your stock.

### **Canceling Transaction**

You can abort/cancel the transaction by simply clicking on the “cancel” button.

### **Adding Debtor**

It is evident that some client will come to buy drug at a higher purchase order. They are referred to as debtors. Adding the debtor in the system is through the debtor menu. Click on debtor then click on “add debtor option”. This will present you with a form to fill the details. Then after filling all the required details click on the “save” button to save the debtor.
